

Customer Information No. 2	July 2009
Subject: DEPAROM - New Client-Version	

DEPAROM-Client-Version 5.07.00

Dear DEPAROM Customer,

As of the 29th publication week 2009, DEPAROM-DVDs with the new DEPAROM Client Version 5.07.00 will be delivered. The Release Notes are also included on the DVDs. In the release notes you will find detailed information regarding the changes in the new client.

The changes in the new client were made in cooperation with the DPMA.

The new Version of the DEPAROM Client is compatible with previous versions down to version 5.06.03.

System Requirements

Version 5.07.00 requires Windows 2000, Windows XP or Windows Vista operating systems.

The new chart tool requires the .NET library version 2.0.

The installation program for .NET can be downloaded from the Microsoft web-site at <http://msdn.microsoft.com/netframework/>

Adobe Reader version 8 or later is necessary to use the PDF View. Adobe Reader can be downloaded from <http://get.adobe.com/reader/>

The following changes were made:

- ❖ **Display of full-text PDF-files**
Apart from the facsimiles you can now also view the full-text PDF-files that are contained on the DVD.
- ❖ **Explorer View**
Find your documents in the new fast and easy to use search mode by navigating through the current research volume.
- ❖ **Automatic patent report creation**
Create reports of patents out of specific queries.
- ❖ **Charts**
Illustrate the content of your DEPAROM DVD with graphs and diagrams of the new visualization function.
- ❖ **Download of EMIs and main drawings**
You can export now not only the drawing pages but also drawings (EMIs) and main drawings with the "Download" function.

More detailed information about using changes can be found in the Release Notes for version 5.07.00 and in the DEPAROM Research Client Handbook 5.07.00 (www.deparom.de).
